

2012-2014 TORTURE USED TO CHILL THE SPEECH OF JUDGE ED SMITH'S FORMER TRAFFICKING VICTIM IN FURTHERANCE OF HIS 2014 APPOINTMENT AS FEDERAL JUDGE

19-007 Judge Smith was sent to IRAQ as part of DOD Task Force 134. They were charged with detainee command, control, interrogations and ensuring due process. What follows is direct evidence he used detainee interrogation methods—

called “SEPARATION” learned in Iraq—domestically. Torture, in service to himself in furtherance of his federal judge appointment—to chill the speech of his 2006 trafficking victim (my daughter)—while FBI vetted him for federal judge 2012.

05/30/2005 Department of Justice Legal Department: Memorandum For John A. Rizzo Senior Deputy General Counsel, Central Intelligence Agency: Page 36.
“Much of the condemned conduct goes far beyond the CIA techniques and would almost certainly constitute torture under United States Law...Pakistan: (beatings, burning with cigarettes, electric shock)...” Judge Ed Smith certainly knew of U.S. Justice Departments 2005 mandate regarding torture. See exhibit 2.6.2

EMILIE WAS BURNED WITH CIGARETTES Amy (Fontno) DeRaymond's father, attorney Ray DeRaymond solicitor for many of the municipalities in the county was more interested in protecting his business and reputation covered up his daughter's (**a bi-polar monster**) serious violence to his granddaughter ([Exhibit 2.34.2](#)). The Court of Common Pleas reciprocated. 2000 after a 1999 Home Study Report I initiated (Roberman [2.38](#)) confirmed the mother's abuse burning Emilie with cigarettes, stoves, and locking Emilie in closets the school district helped the mother circumvent the report's findings by agreeing with the mother to not report evidence of Emilie's abuse they used to traffic her into Special Ed. Their agreement to abuse shaved I.Q. points and caused behavioral problems for Emilie from which they benefited financially ([Exhibit 2.39](#)): 1. The District steered business to the school's transition services consultant Freya Koger vis-a-vis the manufactured "disabled" student. Child trafficking. 2. The mother was able to collect social security disability payments *even after* I sued the District and won. 05/18/2006 the State Appeals Panel specifically ruled on the mother's and Districts claim of Mental Retardation MR317 ([Exhibit 2.24](#)) and rejected it. Confirming Emilie's pendent placement as PDD NOS. 08/15/2006 the School District sued me in federal court after losing their appeal.

2006

12/21/2006 Judge Ed Smith and attorney Ray DeRaymond circumvented the Appeals Panel ruling and trafficked my daughter approving the mother's use of **MR317** ([Exhibit 2.34](#)). 10/09/2007 I agreed to a Federal guardian Marcie Romberger. 12/07/2007 the Federal guardian ignored the County's continued illegal use of MR317 approved by Judge Ed Smith. 03/2008 Ms. Romberger arranged a baseless competency exam for Emilie: the State Appellate already confirmed Emilie's pendent diagnosis (PDD NOS) allowing for comprehensive educational funds to be released for her use as an educable person. Romberger already had access to these funds predicated on that decision.

2008

EMILIE WAS BURNED WITH CIGARETTES Prior to federal guardian Romberger's exam. Ms. Romberger also withheld Emilie's medical diagnostic that proved Emilie could not be mentally retarded while presenting a tortured child to her examiner Dr. Hess for review ([Exhibit 2.17](#))

2008 EMILIE WAS BURNED WITH CIGARETTES OVER 15 TIMES BEFORE A MENTAL COMPETENCY EXAM.

The exam was arranged by her Federal guardian Marcie Romberger. Each of Emilie's knuckles were burned. Romberger withheld Emilie's medical diagnostic—that proved she could not be mentally retarded—from the examiner.

Emilie's burns were likely caused by attorney DeRaymond her grandfather—Judge Ed Smith's law partner. Judge Smith approved Emilie's trafficking 12/21/2006. I 2008 Dr. Lenora Felderman M.D. | Diagnosis: Cigarette burns | Exhibit 2.68

“Although Separation is billed as an interrogation technique, it could easily be purposefully employed for punitive, intimidation, or social control purposes or on discriminatory grounds.” *Beth Van Schaack 2014 U.S. Department of State, Exhibits [2.6.2](#), [2.6.3](#)*

2012 Defendants escalated Emilie’s abuse via a military interrogation method known as **separation** used in **FAQ** on war detainees—upon Judge Ed Smith’s return from Iraq **06/2008**. Judge Smith was part of DOD Task Force 134 charged with detainee command, control, interrogations and ensuring due process. 2012 my daughter’s torture was escalated (**2.86**) in furtherance of Smith’s federal judge application—chilling the speech of his 12/21/2006 trafficking victim (my daughter) while he was vetted 2012 by FBI as part of his application.

2012 Defendants used “**black sites**” (private residences arranged by the School District’s community services consultant, Freya Koger) where cruel, inhuman, degrading (criminal) treatment was compounded: 1. Burning Emilie with cigarettes, **2**. Electric shock burns **3**. Sexual aggression. **4**. Prolonged denial of sufficient hygiene coordinated with the mother) **5**. Denial of medical assistance (coordinated with the mother) **7**. Administration of drugs in detention **8**. Denied the use of public transportation for detention purposes **9**. Forced grooming **10**. Denial of privacy (Koger’s people—strangers—let themselves into Emilie’s home watched her change in her bedroom) **11**. Emilie relegated to infested surroundings via human trafficking and her bedroom which was cordoned off from the rest of the home **12**. Hyper-infestation (Norwegian Scabies) cultivated to attempt Emilie’s murder 8/7/2013 when they no longer needed her—a week after Judge Ed Smith was nominated by President Obama (**1.5, 1.5.1**) **13**. Over administration of drugs in detention causing permanent brain damage 03/27/2014 the day after Judge Smith was appointed a federal judge (**1.4, 4.16**). See 18 U.S.C. § 2340. Criminal violations of The United Nations Article 16, Special Rapporteur on Torture, U.S. Justice Department 2005 (**2.6**), The Detainee Treatment Act 2005 and President Obama’s 2008 Executive order on enhanced interrogations. See **2.6.2**. They treated Americans worse than war detainees for business and political purposes, leveraged DOD contractors for help and expert advice to terrorize a political threat to a Republican federal judge applicant. And getting visited by her "judge friend" These "judge friend" visits emerged and became frequent 2012 with my daughter fighting in parking lots to stop from being shoved into strange cars to perform "tasks" during so called "vehicle exchanges." Emilie got an STD 3/11/2013.

Lehigh Transition Services was nicknamed the “the driving school.” Starting 2010 Emilie’s \$255,000 in educational funds were spent on trafficking her. Zero Education. LTS was a community integration firm. None of locations Emilie was taken to had anything to do with “community integration” Exhibit 3.10.7 Exhibit 3.10.8

BLACK SITE Instead of community integration they used undocumented dwellings for extortion. Different locations. There was no community integration. Emilie was not allowed to use the bus. (no escape, no freedom) She did not live anywhere near West of Allentown. Had no interest in it. Emilie didn’t live anywhere near **Hamberg** PA 45 miles West of Lehigh where she was taken for over a month to a private residence. American Aquarium & Pet Supply, **Orefield** PA. Cat Shack **Whitehall** PA twice a week. Various residences next to the **Allentown** PA Municipal Golf Course. Barnes & Nobel **Center Valley** PA. Barnes & Nobel **Whitehall PA**. “PICNICS” (TRAFFICKING TO POLICE)

BLACK SITE 2012 Emilie was taken to a speed trap lot where POLICE typically sat looking for speeders. There was no road where she was parked. They had to drive through a winter wheat field easement to get there. This was the routine—they were called “picnics” by LTS staff.

By 03/11/2013 Emilie got an STD (scabies) as a result of her trafficking. NYPD collaborated with Easton PA Police—they used the same pidgin nonverbal communication. Northampton County Police were responsible protecting my daughter’s traffickers.

"Emilie continues to utilize her de-escalation techniques when necessary. Emilie is making great progress, verbally expressing what is making her upset when staff asks her what is wrong. There has been an increase in the amount of physical behaviors this month. Most of Emilie's physical agitations occur in the car, where she will punch the seat several times. Two situations that triggered physical behaviors this month were issues with her cell phone and a change in vehicles. The change in vehicle was made appropriately by Emilie and was approved by instructional coach supervisor. Emilie enjoys playing internet games and showing staff videos on her phone to calm down after behavior. Emilie rarely requests time to be left alone, but instead has started to ask to use the bathroom when upset. **Staff provides Emilie with the necessary time needed in order to calm down before asking her to return to the task.**"

REYAKOGER SCHOOL DISTRICT CONSULTANT: LEHIGH TRANSITION SERVICES I 07/2012 PROGRESS REPORT

Emilie was performing "tasks" in the back seat of cars while at mall parking lots. The operation used Barnes & Nobel as a base where they would wait until a call came in. Then ushered Emilie out to the parking lot for a "vehicle exchange" Which she fought like hell not to get into. And then was required to perform some "task" This under the duress of torture: they burned her with cigarettes. Emilie had to call me from a bathroom stall because they were trafficking her. They wanted her to stop caring her toys during vehicle transfers. Because and as we can see—Emilie was required to "return to the task" taking place in a car and carrying toys—which she used to prevent herself from TASK performance — was a problem for the business. Her Aunt Connie Kraemer wasn't allowed to speak to her —two large woman in the mall taking were taking her out to the lot.

private residence near Hamberg PA. **7/20.** I saw the first two burns Monday 7/23. The burns all look like the burn from 08/06/2012. They happen over 3 separate days (same arm). The time and place when they tortured Emilie was arranged in court in front of Judge Ed Smith by his guardian appointee Lisa Spitale. **03/23/2012** Spitale petitioned Judge Ed Smith that Emilie's two weeks vacation with me during the summer needed to be used for her education with Lehigh Transition Service. During the time she was supposed to be on vacation with me, Lehigh employees tortured her.

Instead of her "education" she was taken 45 miles west of Lehigh Transition Services to a private residence and burned. My sister Deputy Kraemer refused to get involved. Judge Smith was at her wedding 4 days later with his "biker chick" girl friend. They went for shock value to cause the most trauma possible to snap Emilie's mind. Which it did—Emilie knew she was supposed to be on vacation—not some strange house getting tortured by nameless thugs. Exhibit 3.10.6 Exhibit 3.10.7 Exhibit 3.10.8

06/06/2012 DEPUTY G. KRAEMER | The above third-degree cigarette burn injuries were presented to Emilie's Aunt a Northampton County Deputy G. Kraemer. She refused to make arrests because it was her friend Judge Ed Smith's order that resulted in Emilie's assault and would be at her wedding 4 days later with his "biker chick" girlfriend. Judge Smith was being vetted for a federal judge at the time. The coercive cigarette burns are well within the U.S. Justice Departments 2005 meaning of torture. They were arranged by Lisa Spitale, Lehigh Transition Services and Emilie's mother. Conducted a private residences provided by LTS. Exhibit 3.10.3 Exhibit 3.10.4 Exhibit 3.10.5

EASTON PA Emilie was taken screaming from a public swing. Emilie said it was her guardian, Lisa Spitale. When this horror show went down a regular occurrence— I was working. Calling Dr. Koger's people while taking screen captures from FamilyMap and getting lied to by criminals in public jobs was standard treatment. It was impossible. A lot of criminal integration. The message from Northampton County was I should "calm down" If i complained the RICO enterprise threatened to take Emilie away from me—basic racketeering. Spitale went to my daughter's house to assault her in her home –had a key. i.e., the mother and Spitale arranged Emilie's assaults.

These burns occurred while meetings arranged by federal guardian Marcie Romberger, were taking place with the Easton Area School District about Emilie's competency and placement which was already decided by the State Appellate ([Exhibit 2.24](#)). Romberger collaborated with (RICO enterprise partner) attorney Ray DeRaymond (Judge Ed Smith's partner) 03/2008 to torture Emilie before her competency exam with Dr. Hess. Dr. Hess withheld his 07/31/2008 [Exhibit 2.51](#) email from me that recommended the mother stay away from Emilie so that she could learn. Dr. Hess sent me a copy of the email after he learned Romberger lied to him about Emilie's competency and withheld Emilie's medical diagnostic (that determined she could not be mentally retarded) from him.

They abducted Emilie 2014.

(The two NYPD detectives from Union Sq. refused to take finger prints from my office stainless steel door after the Superintendent (Damion) was suspected of the attempted break in to my office. Damion erased the security tape from the night before-when I drove to PA to see my daughter for Monday visitation and was the only person who had access to the stairwell. It was recommended that I move out.)

Mall parking lots were an everyday occurrence for Emilie. And not always in the mall—sitting in the parking lots. Or "holding a class" at Barnes & Noble until a vehicle showed up. July 2012 progress report by Dr. Freya Koger. During what was called: 'vehicle transfers' Emilie's toys were ripped out of her hands and lay on asphalt after Lehigh Transition Services Employee's [in Bethlehem Pennsylvania] assaulted Emilie and forced her into a car to perform some "TASK". This was a regular occurrence. See Dr. Freya Koger's Progress Report Goal 13. Bottom Paragraph "tasks" in parking lots. Emilie "punched the backseat of the car" for refusing to perform her task in the backseat of the car.
